

# 3 Easy English Idioms about the Environment

## WHERE/WHY ON EARTH

an emphatic way of asking a question and expressing a feeling: curiosity, frustration, anger, irritation, etc.

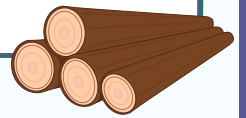

*Why on earth is there so much noise here?*

## IN DEEP WATER

being in a difficult situation or serious trouble  
*We'll be in deep water soon if we don't stop cutting down the trees.*

## A DROP IN THE OCEAN

a very small amount compared to the amount needed or expected

*Reducing, reusing and recycling is just a drop in the ocean!  
Our planet needs a plan B!*
